

16-2020

Tampa Bay Pilots Association
Guideline or Handling Change

Date of Effective Change:	4/15/2020	Survey Date:	4/15/2020
Berth / Channel Name:	Skyway Bridge Clearance		
Nature of Change:	Air Draft / Bridge Clearance		

Description of Change:

Required minimum clearance for the Skyway Bridge is 1 Meter. Air Draft/clearance should be calculated using the PORTS air gap measurement at the time of transit.

If the PORTS air gap sensor is not operational, maximum air draft is 180' at zero tide. Air draft should be adjusted for plus/minus tide at the time of transit.
